Canterbury City Council Offices
Military Road.
Canterbury CT1 1YW.

Dear Sirs,

I wish to object, and very strongly too, about the proposed development of Brooklands Farm. I am Whiteable born & bred, and over my 77 years I have seen estates appear in places I would never have dreamed of, i.e. Whiteable Heights on Duncan Lane of all places and Grasmere Gardens.

Our services for which we pay a Council Tax, are just getting worse and worse. I no longer swim in the sea, and am thinking of auto-reducing my Council Tax for the health hazard it has become! My G.P. takes 22 days to get back to me with a phone call. Whatever do you think our lives will be like with yet another development on our green spaces, using them?

We do not need another estate, none of our services can cope with more people using them. So I shall continue to object and protest loudly about this nonsensical idea of development.

We're hoping to receive a prompt answer from you with a positive outcome for us already exasperated residents.

Yours sincerely

ANN HAFLIN TESTORI
