The Planning Dept,
Canterbury City Council CT1 1YW

Dear Sirs,

I am writing to tell you that I OBJECT very strongly to the Brooklands Farm Development and indeed to any future mass housing developments in the Whitstable area.

Not only will it be an eyesore to see hundreds of houses where there was countryside but poor old Whitstable cannot cope with any more TRAFFIC and FUMES. Some roads are complete 'no go' areas at school exit times e.g. Jay Lane and Northwood Road. Cars parked both sides mean you cannot move in either direction.

Car parking too will be impossible. There are not enough spaces now even with the exorbitant charges.

Have we enough water for all these new homes? We already get regular hose pipe bans.

2.

Will people be warned before they buy that they will have trouble getting a doctor or, more particularly, a dentist?

Whitstable Heights is an unsightly mess and here we go again....

Yours faithfully
