Dear Sir,

I object to Policy W4 Brooklands Farm.

The virtual doubling in size of Chestfield with an additional 1400 homes is, in my view , in utter detriment to the whole area of Whitstable because:

It would overcome local services, schools, health care, local infrastructure, roads  
it would degrade the local environment  
it would increase the likelihood of flooding  
the loss of primary agricultural land

In addition to this, there is so much development and housebuilding currently being executed in addition to what has happened in the last 15 years the area is in great danger of being swamped in houses, cars and related pollution making it a sterile desert of humanity.

John Biddick
