Hello,

I object to Policy W4 Brooklands Farm.

I am writing to register to my objection to the proposed development at Brooklands farm in Whitstable.

I am very concerned that we're proposing to concrete over more valuable green spaces, destroying our fresh air and wildlife habitats. I am a keen cyclist and runner and use the areas around the crab and winkle for recreation. Our town is already congested with traffic and would struggle to cope with more.

Our sewage system is under considerable strain with continual dumps of waste into our waterways and local flooding whenever it rains heavily.

It is increasingly hard to get an NHS doctors appointment and I have had to go private for my dentist. Schools are also stretched with children having to go outside the local area.

I also question the need for so many houses and wonder how many will actually be affordable.

Please reject this daft proposal and instead focus on improving the local infrastructure and maintaining what little green spaces we have left.

Many thanks,

Alex Horsley
