Dear Sir/ Madam

I am writing to lodge my objection to plans to build residential properties on the Bread and Cheese Field as included in the draft 2040 local plan.

I am concerned that further development in the area will have a significantly negative impact on already overwhelmed local services, such as local medical facilities and educational establishments. In addition, the impact of additional traffic on the A28 will be [detrimental](#) to the health and safety of residents and the environment given the ongoing delays caused by the level crossing in Sturry.

I would be grateful if you would lodge these objections with the relevant officers.

Yours faithfully

Michael Denson
