I am writing to you today to strongly object to the proposals for development on Brooklands Farm Whitstable.

My reasons are:

To protect Greenland & wildlife first and foremost. Whitstable is already under threat from burst water mains & sewerage, eg currently 3 burst mains in Chestfield Road, which is in very close proximity to the proposed site.

Whitstable has already expanded beyond its means and infrastructure, eg doctors surgeries, secondary and primary schools, local emergency services, all of which, I believe, are at capacity.

The volume of cars will increase leading to more damage to highways ie potholes. Air quality and pollution will significantly increase with an estimated 2,000-3,000 more vehicles.

I have lived in Whitstable all of my life, and have a business in the town, and I have to say that Whitstable has been spoilt by expanding urbanisation.

Whitstable residents must be heard and listened too, this proposal should be refused.

Thank you for taking the time to read my objections.

Regards
Rosalind Brown
