To whom it may concern,

I am writing to object to the 2000 houses proposed for Blean.

The ancient trees and lush biodiversity will be decimated with the new homes.

It will also put a strain on all local public services.

The destruction of this amazing green space should not be sacrificed due to years of financial mismanagement at Kent University.

Best wishes

Luke Westhead

To whom it may concern,

I am writing to object to the proposed Brooklands Farm development.

Whitstable is already struggling to cope with the amount of sewage waste being discharged into the sea.

The number of cars and the already stretched public services will greatly effect all current and future residents.

We need more green spaces in the area and I believe this development will have a negative impact on a scenic and beautiful area of Kent.

Best wishes

Luke Westhead
