Subject: OBJECTION TO BROOKLANDS FARM DEVELOPMENT

I OBJECT STRONGLY to the Brooklands Farm development and the impact it will have on the wildlife, environment and infrastructure unable to cope. We are so totally full with traffic and people as it is.

- Estuary View medical centre is bursting at the seams
- Traffic is virtually gridlocked most days now without an extra 4000 plus cars the development will bring.
- The sewage out to sea and the impact on the sea life .. that we will eventually be eating - if they survive !
- Water shortage, droughts, floods
- Destroying green space which is so important for wellbeing and recreation.

The list goes on and on.

PLEASE ! PLEASE ! PLEASE!!! think about the damage and destruction that more housing and more people will cause to the environment and the wildlife which we are all striving to save for the future of our children and beyond and do something to prevent this environmental catastrophe!
