I am writing to OBJECT to the Brooklands Farm Development for the following reasons :

More houses means more sewage into the sea
More cars, more traffic & therefore more pollution
More people will result in less availability to healthcare & dentists, with which we already have a severe problem
More people - more demand on our water supply
Loss of wildlife & agricultural land

and finally - we moved away from London 20 years ago to get away from the busy concrete jungle the last thing we want is to end up in the same situation. There's already been a substantial amount of property building it's time to stop before we lose whitstable's lovely countryside.
