Hello,

I object to Policy W4 Brooklands Farm.

The risk of significantly increased flooding at Brooklands and downstream in Chestfield and Swalecliffe.

Local health services already badly over-stretched with patients frequently unable to get beds in hospitals.

Significantly increased traffic on local roads.

Swalecliffe sewage works are already unable to cope with existing demand resulting in serious illness for some visitors to local beaches. This is totally unacceptable for a town with a famous seafood tradition that aspires to be a tourist destination.

Loss of best and most versatile agricultural land.

Loss of beautiful open-landscape and wildlife habitats; bad for genuine biodiversity.

Permanent destruction of the rural nature of the valley of the Swalecliffe Brook, which provides the unofficial Green Belt between urban Whitstable and The Blean.

Loss of amenity for local residents

The development would not be sustainable.

These are just some of the valid points as to why I object to policy W4

Thank you

Whitstable lifelong resident.

Jack Cordes
