Dear Consultations,

We write as a local Tyler Hill based business.

Will you please consider the following:-

# The proposed development will destroy the rural nature of the THBRC area and will create a Canterbury Urban sprawl, which we are not in favour of.

# Immensely increased traffic flows will inundate an already overloaded road / lane/ cycle way / footpath network and make travel for business ( and social ) purposes even more difficult and less safe.

# Inhabitants and businesses remain established here /moved to here, ( often at a premium price ) in this THBRC "triangle ", to evade the urbanisation, crowding and danger that this scheme will create.

# At grass roots level this scheme seems to be very unpopular with local businesses and inhabitants, surely the plan is not to antagonise the electorate ?

Yours sincerely,

Des Redmond.
