- Your message This was the only way I found to email you about the councils plan 2045 , so please forward this to the right department. I am so devastated by your future plans for Canterbury , I do understand Canterbury has issues with traffic but this idea is absolutely ridiculous. It would create more pollution, utter no regards to the surrounding countryside around Canterbury, destroy local communities. The 5 zones restricts free movement for the public to access different parts of Canterbury not everyone wants to walk , bike or use public transport , absolutely no consideration for all generations . The

fact that you would fine someone if they went outside their zone is staggering, and completely takes away a basic human right which is FREEDOM. Canterbury is not a military state but a English city which should be accessed and enjoyed by all residents in and around it and if these plans go ahead ( which I hope they never do) you are destroying this right.
