To:

Please find attached a letter which I have also posted to the Planning Department to register my strong objection to the proposed development of land at Brooklands Farm.

In short, my objection is due to:

The size and scale of the development being out of character, representing a c.45% increase to households in Chestfield.

No consideration/provision for increased Canterbury-bound traffic

Increased road noise from Thanet Way A299

Regards

Louise Davies (she/her)
