Dear Sir

Re: DRAFT LOCAL PLAN – POLICY W5 – Land at Brooklands Farm

We strongly object to the planned development at Brooklands Farm. This development is totally out of proportion to local needs and will blight and change the character of Chestfield. Chestfield will no longer be a separate entity but will become a part of Whitstable as housing etc will be continuous from Chestfield to the Whitstable coast. We in Chestfield are already suffering a major development at Grasmere pastures and have had substantial development over the years. We think enough is enough and the development should not be included in the draft plan especially as another development is proposed at Bodkin Farm.

Yours faithfully

D E Kendall
