Upgrade nonsense Rough Common Rd

1 message

My family and I are stunned by these proposals for the ring road in Rough Common and for the ridiculous Zone plans.

It would mean our village would suffer 24hr traffic, pollution, noise and danger. It's hard enough to cross the road now, you take your life in your hands.

As for the zone scheme, there seems to be no consideration for pensioners or children walking to school, people that don't drive or disabled.

This mad scheme will not only cause disruption and damage to the countryside and peace that our residents move here for and care about strongly.

I doubt the council will compensate the loss in property value.

Please, please abandon the inappropriate plans.

Kathy Jackson Rough Common
