

Canterbury City Council
LOCAL PLAN
Milton Rd

22/12/22

What a nasty bunch of people you so-called councillors are! I thought being a councillor meant that you counselled the public, but obviously I was wrong! The only people you counsel are yourselves. The lot of you should be ashamed of yourselves and sacked.

I know it will be a waste of time, but I am writing to object about the manic and ridiculous scheme of putting a bypass through the village of Rough Common. Our views of objections are never listened to but at least in our so far, freedom of speech democratic country I can tell you what I think about the whole hateful lot of you. Never mind the objections put forth from most of us, re, noise, pollution disruption and unavailable access to places we want to reach.

How would any of you like it in your vicinity? In fact, it's about time your addresses should be made public so that some of us could come along and make your living areas impossible to live in and give you the misery you are aiming to inflict on us law abiding citizens!

We know why the bypass through the University will be going through - it's all about money for the Council & University. Aren't you making enough from the huge 9 million a year you are robbing from people paying exorbitant car park fees?

DISGRACEFUL!! You, as a 'Council' should be looked up to, not derided, scorned and hated. Why not shut Canterbury down altogether and make it a ghost city? It's certainly on its way. / You want to tear up local countryside and build more, more and MORE billions of houses, when will your greed and destroyers of Beauty ever stop? / A lot of elderly people live in this area and the amount of stress you are inflicting on them is intolerable. Perhaps you're hoping ^{we} will all die of heart attacks!

— Another satisfying coup under your belts!

POWER, POWER, POWER MAD. →

We hope you don't sleep well at night and certainly do not wish you a happy Christmas or New Year.

For many of us, the prospects of an uncertain future for our homes and environment, fills us with dread and foreboding.

Yours very angrily
