

Dear Sir

Ref: Housing estate planning for Brooklands Farm

I object to the above plan for the following reasons -

① Brooklands Farm is prime agricultural land and I cannot accept you are proposing to build a farm land when the price of land is rising and then hundreds of thousands of people in this century who are struggling to place food on their table. This land must be protected and not built on so that it is there for generations to come. I object to large housing developments on prime agricultural land.

② Sewage. There is the continuing issue of raw sewage pumped directly into the sea off this coastline which the Somerset and Water Board do not seem to be able to resolve. More housing developments in this area whilst there are insufficient plans to resolve the issue is unacceptable and therefore I object to the above plan.

Your Sincerely
