Canterbury CT1 1YW

10.12.22

Dear Sir

I am advised that Canterbury City Council is planning to build an enormous estate on prime farmland in chestfield.

Cows have been kept at Brooklands Farm for more than 100 years and as far as I am concerned to build on the farm land is an obscenity when there is a desperate shortage of agricultural produce

Please record my strong objection to this proposal to take away our last local piece of green landscape.

Yours faithfully
