To whom it may concern,

It's with huge dismay that this development is even being considered.

OBJECTIONS:

* Chestfield and South Tankerton will be linked..... there will be no separation between the two areas. I was under the impression that two areas of development cannot be linked.

* **Flooding** in the area is already an issue , water from the fields already pours onto South Street. The road is already in disrepair and will not cope with the new traffic load. Clay soil poor drainage.

* There is **NO INFRASTRUCTURE** to cope with enlarging the population in this area. **Schools, Doctors etc. are already over stretched.**

* The roads in the areas are overcrowded.

* There are several new developments in the area. Behind the Tesco/ Sainsburys, Greenhill etc. are an example

* Chestfield VILLAGE no longer a village and the countryside is diminishing.

It's not a case of NIMBY ...it's more about the environment, loss of countryside which can never be regained. The ability to cope with all these new families, how will they find school places , doctors and hospitals to meet their needs? The village of Chestfield has accommodated many new developments over the last 30 years. Gardens flood. In our view it cannot accommodate any more.

PLEASE RE CONSIDER **WE STRONGLY OBJECT TO THE NEW ESTATE BEING PLANNED**

Who are these City Councillors who would let this plan deserve consideration or allow this plan to go ahead ? UNBELIEVABLE!!!

Judi and Andy Henderson
