I am contacting you regarding my opinion on this ridiculous proposal. We do not have enough schools, g.p surgeries, adequate sewage facilities there are always floods in this area, parking and the roads simply cannot cope with more traffic. People in this area cannot see their own doctor any more already and our hospitals are inadequate and overcrowded. I cannot believe that this proposal is even being considered, in the past few years every spare plot has been sold to developers, the housing is usually sold to London boroughs and not even been allocated to local residents. I strongly oppose this proposition.
