I have been trying to get information from your website regarding the effects to our village and the city as a whole. The information is very vague (probably deliberately!!)

From what I have learnt mostly from our Parish Council this is a badly thought out and almost underliverable idea, drawn up by people who have little or no knowledge of our local areas.

Good afternoon Mr Burge,

I am sorry that you have experienced difficulty retrieving the relevant information.

We have various resources available on our website, including the draft Local Plan and various topic papers. If I can assist in any other way, please let me know. Otherwise, I will ensure your above email is reported and considered as part of the consultation process.

All the feedback we receive will be carefully analysed and reported to councillors who will decide what changes should be made to the draft Local Plan.

Later in 2023, we will publish the final draft Local Plan and you will be able to make further comments before the plan is submitted to be examined by the planning inspector.

Kind regards,

Victoria Asimaki
Principal Policy Officer (Engagement)
Canterbury City Council
