Rough Common Ring Road

I refer to the council's plans with regards to adapting Rough Common Road into a ring road. I would like to register my strong objection to this proposal and at the same time, be added to the petition. Similarly I would like to also register my dissatisfaction at the plans to create various zonal areas within Canterbury. I appreciate that there is a strong need to address the ecological challenges the 'world' faces but this plan in my opinion is ill conceived and will have horrendous implications on the commercial viability for shops both in the city centre and in the peripheral areas.

Just to be clear my protestations are not from a non-Conservative voter, who is jumping on a let's criticise the Tories bandwagon but from someone who has voted Conservative for nearly fifty years. Furthermore given my age, the zonal plan, which I believe has an intended implication date of 2045, will have minimal impact on me personally but I nevertheless feel I must register my feelings because of the adverse effect this will have on the residents of Canterbury, some of whom are my children and grandchildren.

Regards,

Jim Showler
