I write as a resident of over 50 years in Ham Shades Lane and have regularly walked the footpaths and fields in the area proposed for very significant house-building..

### **I am against this proposal.**

1. Dramatic negative impact upon all aspects of wildlife and public access to our countryside.
2. Whitstable has insufficient schools for any more children at levels primary and secondary
3. Facilities at Canterbury hospital have reduced and it is unacceptable that we have to attend hospitals at Margate or Ashford for serious conditions. This proposal will make matters worse.
- \$. Whitstable town center cannot cope with existing traffic//car parking levels and further vehicles will obviously make matters worse.
4. Existing public transport/buses would need significant upgrading to cope with school children and adult passengers .
