To the Government Planning Inspectorate,
I understand there are to be more homes built in Whitstable on the Brooklands Farm area near South Street.
I live in the town and have done for ten years and my husband is born and bred here.

It is astounding that despite the fact that locals are already struggling to park in the town centre, our walk in surgeries wait times are 3 hours +, dentists are hard to come by and schools are at bursting point, the council still want to welcome more and more people to this town...and decimate more green space to do it!

Rather than spending money on new homes why don't the council spend it on improving our towns infrastructure.

Please accept this email as an objection to the councils new plan.

Kind regards
Sarah Simmonds
