Good morning

I have completed my comments on the online survey but missed the section to comment on the Canterbury circulation plan. The zoning of the area into 5 neighbourhoods to vehicle movements. For this idea my comments would be as follows;

Please shelve this idea it sounds a nightmare

As a resident living in a rural area with no buses I use my car for everything. Granted I don't drive through Canterbury unless I need to, I do use the A2 to access the North Coast.

Increased journey times, fuel usage and pollution these are all good reasons to shelve this plan.

Surely this will kill some of the businesses in the more central area as no one will get near them.

It also sounds very complicated- how would our foreign visitors cope.

Many thanks  
Mrs G Hubbard
