Good afternoon,

Letters to Canterbury City Council in response to the local plan 2045 to include the following points from the Friends of Dukes and Neals Place Meadows:

- A) Meadows protection in our Constitution
- B) welcome pledge of no building on the Meadows
- C) we follow the Parish Council in objecting to the Rough Common road upgrade
- D) we call upon Canterbury City Council to review the housing target - the Woods report
- E) we call upon Canterbury City Council to make a significant improvement to public transport
- F) building on farmland will lead to no local food production and an enlarged carbon footprint

These may appear to be arbitrary points as a response. The questionnaire does not allow for layman responses to be given and we would like the consultation response to include these considered points. The process of responding to the plan through the questionnaire is difficult and referrals to external documentation that runs into many pages, on occasions over a hundred, does not form an accessible process.

Kind regards, Steph Jupe.
