TO WHOM IT MAY CONCERN

As someone who works in the District I wish to confirm that I am supportive of the overarching strategy regarding this development.

Canterbury Business Park is a proven success story as an employment hub for businesses large and small. It has easy access from the adjacent A2 with minimal visual or amenity impact on local people due to its location and natural screening.

The proposal for Chapel Down to locate in Canterbury ,aligned with the growth of the independent wine maker Defined Wine , aligns perfectly with the draft local Planwith its focus on rural and agricultural businesses and employment.

The proposal for Canterbury Business Park shows real support and a local commitment to invest in agriculture and viticulture, both being distinctive characteristics of the local landscape and area. The allocation will provide the modern and efficient infrastructure and facilities required for businesses , and the employees, to thrive and grow.

Yours faithfully

W.I Whigham
