Objection to Local Plan 2023-2045

1 message

16 January 2023 at 15:13

To: consultations@canterbury.gov.uk

Objections:

Eastern Bypass - adverse effects on Fordwich town and surrounding countryside of archeological importance and conservation areas. Will destroy homes and communities, adversely affecting the quality of life and health of local residents.

Canterbury zonal divisions - increase in pollution and use of fossil fuels required with driving increased miles around the city;

Difficulty accessing the city by local residents resulting in further destroying of town centre (people will drive further to reach shopping destinations that are accessible and free to park)

Difficulty accessing different parts of the city by charities and businesses - I visit hospice patients all across the district, and zones with payments or fines for a large staffing group will be far too big a cost for charities and businesses to sustain.
