| Mark Hann            |      |       |             |         | 09/01/2023 | "This once called a (village) needs further new house builds plans stopped. Ccc should be ashamed for even proposing even more housing to a historically beautiful area for the sake of profit and further environmental destruction and a disastrous impact on nature."                                                                                                                                                  |
| Michelle Friedlander |      |       |             |         | 10/01/2023 | "It's a shame to build up an area that doesn't have enough resources to support new homes"                                                                                                                                                                                                                                                                                                                                |
| Sarah-lee Jones      |      |       |             |         | 12/01/2023 | "I want to save the field. The village should stay as a village."                                                                                                                                                                                                                                                                                                                                                         |
| Paul Eason           |      |       |             |         | 10/01/2023 | "Building yet more housing on greenfield sites in Kent, or anywhere for that matter, is yet another retrograde step. There are plenty of disused buildings which could be turned into housing. The Garden of England is fast becoming the patio of England."                                                                                                                                                              |
| Jill Clarkson        |      |       |             |         | 11/01/2023 | "no more development on green fields!"                                                                                                                                                                                                                                                                                                                                                                                    |
| Sarah Leonard        |      |       |             |         | 09/01/2023 | "We need to keep as much green space for the children to be able to enjoy, there is plenty of demolished buildings on land that can be cleared and built on, without taking our beautiful countryside. The garden of England is very quickly becoming the window box of England!"                                                                                                                                         |
| Alan Legge           |      |       |             | K       | 10/01/2023 | "the current proposals across the district are out of all proportion to the actual need, and all brownfield sites should be used before taking greenbelt land"                                                                                                                                                                                                                                                            |
| Dan Barker           |      |       |             |         | 13/01/2023 | "It's the right thing to do"                                                                                                                                                                                                                                                                                                                                                                                              |
| anna romanowicz      |      |       |             |         | 10/01/2023 | "It's a disgrace"                                                                                                                                                                                                                                                                                                                                                                                                         |
| linda hann           |      |       |             |         | 09/01/2023 | "Why does CCC feel the need to take away our green fields which are currently being used for crops especially in the current climate to squeeze in houses when there are other brown sites available. This will not only take away the food supply but will drastically effect our wildlife which is rife in this field. Where will these animals go. This needs to be stopped."                                          |
| Helen Purdy          |      |       |             |         | 12/01/2023 | "Chartham cannot cope with the amount of traffic that goes through the village. Our sewers are always blocking up as they can't cope with the extra waste from the recent new houses. We also regularly lose water due to burst mains from fractured pipes due to the age of them and they can't cope with the demand. For the wildlife we have so many rare birds and other wildlife that would lose it natural habitat" |
| John Walder          |      |       |             |         | 12/01/2023 | "I think that we must be serious about our greenfield environment"                                                                                                                                                                                                                                                                                                                                                        |
| Sarah Dickens        |      |       |             |         | 16/01/2023 | "We should build on brown field sites first - preserve a little of our precious green belt for so many reasons: biodiversity, agriculture, flood prevention, leisure, mental health and more. People and planet before profits!"                                                                                                                                                                                          |
| Stephanie O'Brien    |      |       |             |         | 10/01/2023 | "Have seen so many green areas disappear over the years. We have a responsibility to future generations to protect our village."                                                                                                                                                                                                                                                                                          |
| Ivan Leonard         |      |       |             |         | 09/01/2023 | "I want there to be green spaces and beautiful countryside for when my girl's grow up. What is happening around the village of Chartham is nothing short vandalism by those who want to make money over the misery of others ...The raping of beautiful places in broad daylight by people whom I wouldn't piss on if they were on fire."                                                                                 |
| Mandy Dodd           |      |       |             |         | 09/01/2023 | "There has been too much pressure already on bakers lane having two major developments and two field in close proximity of the summer piece grove and downs view rd development leave the arable greenfields alone because we are going to need these to sustain our own food shortages in the near future and should be more self sufficient but losing more of our green space in chartham is criminal."                |
