

MR A.E. NEWTON

13-1-23.

Dear Sir/Madam,

I seriously protest about the so called Circulation plan, which will turn Rough Common in to the most congested place in the Canterbury district. We have a very high proportion of elderly people in Rough Common, you have already taken away our bus service and I know a good many residents who can't walk to the Whitbells road bus stops. I'm closing in on my 84<sup>th</sup> birthday and am starting to ~~struggle~~ struggle when I try it. I was thinking of getting rid of my car in the next twelve months or so, which is what you want people to do. I shall have a no-think, people in the side roads struggle now to get out especially those in Lovell - Ravenscount road, a lot of us have to go to the hospital for various reasons how are we supposed to do that?

I suggest that the Councillors who are keen to see the rubbish go through should all move to Rough Common A.S.A.P to see how

it is going to affect us all.  
 The point that suggests we either  
 walk or cycle into Canterbury is a  
 load of nonsense, apart from us old  
 ones, the young people and children won't  
 be able to do it either. I'm sure  
 you all know, Long Common is at  
 the top of a very steep hill and  
no we can't do it.

If the nonsense goes through  
 Canterbury will lose a lot of trade. I  
 don't go very often since we lost  
 our bus service. I go to Whitstable  
 to do a lot of other people I  
 know.

I'm sure there will be many  
 more objections to the plan, and as  
 my winter gets worse so I start  
 to lose my temper I will finish.
