Dear Sir

Re Draft Canterbury District

Local Plan 2020-2045

I most strongly object to the above proposals by the City Council.

It is a most serious threat to the daily lives of the people of Rough Common, Harbledown & Canterbury.

The draconian proposal can only make life unbearable for the people of Canterbury. It is restrictive costly, give a thought to aged and disabled people.

Reminder. During the latter twenties Harbledown won a legal battle with the council over park & noise which was closely abused. Kindly bear this in mind we used our hard earned money. Sincerely

Resident
