Objection to local plan

I object to the proposed Eastern Movement Corridor, contained in the Local Plan consultation.

I do not believe that the claimed benefits and consequences have been adequately considered. The result is a route that causes huge damage to Fordwich (it cuts Fordwich in half), and destroys/damages at least 80 acres of mature woodland and wildlife habitat, some of which is SSSI or subject to TPOs.

The bypass is not necessary, as the proposed zoning scheme is a non-starter; Canterbury is too small. Spend the money on better public transport, and then you have a chance of keeping the centre of Canterbury alive.

Roger Green
