My name is Stephen Hardcastle and I have lived in [REDACTED]
I am writing to advise you that I
Heartily agree with any negative comments concerning the proposed EMC.
Thus proposal is couched in ridiculous routing which strikes
at the heart of every issue regarding increased traffic flows.
the environment, archeology ,huge cost to the City and no
Perceivable benefits
Therefore I lagree with each and every negative comment made to
you by the people of Fordwich and surrounding areas.
