Dear Sirs,

I wanted to put in writing my objection to Policy N3, the proposed destruction of the playing fields at Thannington Recreation Ground.

These fields are an important party of a community that has already seen much of its open space built on. The fields provide an invaluable outdoor space for the surrounding area, be it children playing, dog walkers, families who do not have gardens of their own picnicking, dog training classes as well as the Resource Centre's activity days and the circus for under privileged children.

Kent was known as the Garden of England, unfortunately much of that garden has now been tarmaced, please don't let the Recreation Ground be another victim of this.

Kind regards,

Ian Wilson
