NO MORE BUILDING ANYWHERE without a New Hospital, New Roads or Reservoir. Only 2 Motorways from London are always congested.

We have enough traffic in the area, you cannot get a doctors appt or be seen in A&E without sitting in pain waiting for hours in the corridor. Water shortage is a joke even before the hosepipe ban. The sea is full of crap and its seen floating in the water.

SB Whitstable Resident

Also I do not agree to any new traveller sites we have enough thankyou.
