To
Consultations Team,

I understand the above mentioned was recently marked for housing.

This field has been used for many years as sports, youth groups, street party overflow area, and in the past allotments. These are the things that the neighborhood needs.

The field was locked during covid with no consultation denying access to the neighbourhood without notice.

The field has asset of community value status and historic covenant links and it's vital this status quo is kept.

Your sincerely,

Edward Kolawole
