I am writing to you to express mine and my families concerns regarding the recent draft plan for golden hill.

Firstly I just want to say the reason people like myself move to areas like golden hill on the outskirts of whitstable is to get away from the loud & busyness of Whitstable & not to mention the lovely scenery in the area & now you are going to bring gypsies/travellers into the area, where we are going to be raising our family. I myself moved from sittingbourne to get away from gypsies & travellers as they are well known trouble makers & have a lack of respect for other people & their surroundings. Now let me ask you this, how would you feel if they were pitched up next to your houses? I doubt you would like it very much. Onto the the dwellings & potential business allocation, I'm sure you are aware of the brooklands farm plan, so I find it fascinating that so many people in Whitstable & Chestfield have objected to that & you still feel like the need to just go and build more new dwellings on a parcel of land opposite brooklands! & expect the residents in the area to be happy about it. I'm sure you already know the causes for concern but you obviously know we do not have the infrastructure to sustain this. My points are - sewage control? Traffic/road safety within the area? Impact on the doctors, hospitals, social services? & loss of natural scenery & farm land all of these factors put forward to the council about the brooklands farm!

I hope you truly listen to these points as we are now wanting to sell if this goes ahead, I have worked hard to my house in golden hill & we love living here but for to even put this forward is absurd.

Regards James
