Dear Canterbury City Council,

I am writing to raise my objection to proposal N3, which would see Thanington Recreation Ground turned into a Park and Ride.

This green space is the only recreational area available to the people of Thanington. It is used daily by families, children, and dog walkers, and plays an important role in community health and wellbeing. Losing it would remove the only open space we have.

I am also concerned about the impact this plan will have on traffic. Thanington already experiences heavy congestion, and introducing more vehicles would make this situation worse, leading to greater air pollution, noise, and road safety risks.

Please take these concerns into account and look for alternative sites that do not take away our only green space or add further pressure to an already congested area.

Thank you.

Kind Regards,

Danny Allen-Knight
