I am responding to the question regarding the proposed deletion of the land north of the university of kent (policy C12) I totally agree with the deletion of policy C 12 from the local plan I agree with the reasons given - the impact of the road network ,the destruction of the ancient woodland and destruction of Blean School (where I was a pupil 88 years ago).

I would also object to any possible further proposal for a large development in that area.

I would just like to thank all the councillors for listening to our concerns.
