I wholeheartedly support the proposed deletion of land north of the University of Kent (Policy C12) from the Local Plan and would only add that it should never have been there in the first place. Access was always going to be a major issue, and indeed KCC have finally recognised that fact. Demolishing an Outstanding school was also a show-stopper for KCC, it appears. The destruction of ancient woodland would have been a disaster for the area, and I can only breathe a sigh of relief that it looks like reason has prevailed.

Finally, thank you to Canterbury City Council, for listening to the many voices raised in opposition to C12 and for making this important change to the Local Plan 2040.
