In response to the question "Do you have any comments on the proposed deletion of Land north of the University of Kent (Policy C12)?"

I am writing in support of the proposal to remove Policy C12 from the local plan. I agree with the concerns regarding the provision of suitable access, the impact on the highway network and the impact on ecology, including the loss of ancient woodland. The cost-effectiveness of demolishing and re-building Blean primary school is also questionable. My objections to this policy would also apply to any possible future proposal for a large development on this land.

I would like to thank the council for listening to the responses to the draft local plan consultation.

Brian Heaton
