Good morning,

I would like to give my response to the following question:

Do you have any comments on the proposed deletion of Land north of the University of Kent (Policy C12)?

I completely agree with the deletion of the C12 proposal. The local road network and drainage are already struggling not to mention the absolute destruction of the wildlife population that currently thrives in the area.

The same objections would also apply to any future proposals to develop this area. Blean is a wonderful village.

We appreciate your consideration and listening to our pleas.

Best regards,

Ben London.
