I am responding to the question:

Do you have any comments on the proposed deletion of land north of the University of Kent (Policy C12).

I am very pleased that the deletion is proposed. Building as originally proposed would have a devastating effect on an area of great rurality with ancient woods and a wide range of bird and animal life. It has also been hard to see how sufficient infrastructure could be provided for such a development at that site.

Jonathan Potter
