I am writing with comments on the following question in your document: Do you have any comments on the proposed deletion of Land north of the University of Kent (Policy C12)?

Thank you to the councillors for having listened to the many concerns of local residents and interested people on this development proposal.

I agree with the deletion of the policy C12 from the local plan - for all the technical reasons given - the impact on the road network and traffic in the local area, the destruction of ancient woodland, farmland and the barrier between Canterbury neighbouring villages, and the cost-effectiveness and practicalities of demolishing Blean primary school being at the forefront. The same objections would apply to any possible future proposal for a large development in the same location. There is still huge opposition to any development in that location.
