Save the rec!!!

Our community our health our green space

The only safe open area for children to play families and friends to meet and neighbours to walk dogs.

The green is used for local people to be moved miles away cutting access to many

Green spaces support mental and physical health losing it harms everyone

We support better transport but not at the cost of destroying our only park surly putting park and ride

make more sense at Wincheap or the industrial estate meeting transport needs without concreting

over the green !!

It would make a massive negative affect on many people to lose the only green space for miles.
