Dear Canterbury City Council

I am responding to the following question:

Do you have any comments on the proposed deletion of Land north of the University of Kent (Policy C12)?

I agree that this Land should be deleted from the local plan.

I have previously written to you outlining the problems created with development in this area. These include the lack of local infrastructure to deal with increased traffic. Also housing development would lead to the loss of ancient woodland that is a huge local asset for people's mental and physical wellbeing.

Please pass on my thanks to the Councillors who have listened to the concerns raised.

Kind regards

Jill Austin
