Dear sirs

I'm writing to object to the building of 1350 houses on Brooklands Farm and other building projects in the pipeline which are swamping Whitstable.

We already have huge problems in our air quality, fresh water supplies hence our hose pipe ban and our sea full of sewerage !

The thousands of cars, we are already having huge traffic jams, no infrastructure for roads, Hospitals, Doctors and schools etc.

There is no thought given to our wild life and in turn our mental health and well being. We need our land to grow crops and animals to feed us not food from abroad .

Do we no longer have a voice to be heard ?

Please don't do this to us!!!

Yours sincerely

Valerie ETTY
