Hello,

I am responding to the question: *Do you have any comments on the proposed deletion of Land north of the University of Kent (Policy C12)?*

I would first like to thank the councillors for hearing the concerns of local residents.

I agree wholeheartedly with the deletion of this proposal from the local plan. The technical reasons given for the deletion of this policy (the impact on the local road network, the destruction of ancient woodland, and the cost-effectiveness of demolishing and replacing Blean primary school) are in my view absolutely sound.

I would also contend that any future proposals for a substantial development in the same or a similar location would incur the same objections and as such should be rejected.

With best wishes

Dr Peter Watts
