Dear sir/madam

I am contacting you in response to your question "Do you have any comments on the proposed deletion of Land north of the University of Kent (Policy C12) ?

Please note that I agree with the deletion of this policy from the draft local plan, amongst other reasons for the following technical reasons given for the change - the significant increase in traffic generated by such a development on the local road network, the loss and destruction of ancient woodland, and the questionable cost effectiveness of demolishing Blean primary school (which is currently being extended).

These same objections would apply to any possible future proposal for a large development in this location .

Kind regards

Andy Jeffers
