Subject: Thanington Recreation Ground

--Email From External Account--

Dear Allan Baldock ,

I would like to let you know my opposition to the proposal to use the Thanington recreation ground for a park and ride site .

This is our only piece of green space in Thanington and I hope you are aware of all the research there is to evidence the vital role green space plays in maintaining the mental and physical health of residents , and helping to clean the air and prevent flooding for all of us .

I use this space every morning at 6 am and see others there at this time and throughout the day - especially now so much of Thanington is getting built on .

Both the Saxon Fields and Cockerling Farm developments would be much better suited for a park and ride in Thanington as the cars and buses would not be queuing along the A 28 and polluting our air .

I would be most grateful if you can please acknowledge this letter and let me know your views ?

Many thanks ,

Margaret Gurr
